Is the Clash of Authority Between Governor Atkinson and

CIRCUIT JUDGE DOOLITTLE

Of Cabell County—Application for a Writ of Mandamus to Compel Warden Hawk to Receive Young Hatfield—Sheriff Peck Thinking of Bringing the Prisoner up to Wheeling for Incarceration.

The clash of authority between Governor Atkinson and Circuit Judge E. S. Doolittle, of Huntington, over the Hatfield matter, assumed a more serious phase yesterday, when an application was made to Judge Doolittle for a writ of alternative mandamus directing Warden Hawk, of the penitentiary, to appear before Judge Doolittle at a date to be fixed by the latter and show cause if there be any, why he should refuse to receive Hatfield as a prisoner at the penitentiary. In the event that he cannot show sufficient cause, the writ is to be made permanent and if the warden should then still refuse to accept the prisoner, he will have to answer to a contempt proceeding. It was understood that the court would sign the writ which is now supposed to be on its way to the sheriff of Marshall county to be served on the warden. The writ was issued on the petition of J. R. Stafford, prosecuting attorney of Mingo county. It was prepared by Mr. Stafford, John S. Marcum and W. R. Thompson, of Huntington, who assisted in the prosecution. Mr. Thompson went to Hamlin, Lincoln county, yesterday morning, where Judge Doolittle is holding the Lincoln circuit court, with the writ.

Sheriff Peck, of Mingo county, was in Wheeling yesterday afternoon, and was considering the advisability of bringing young Hatfield up to the Ohio county jail, in this city, which is a place of far greater security than the jail in Moundsville, where the sheriff placed his prisoner after Warden Hawk of the penitentiary, refused on Saturday to receive him, in compliance with a telegram directing this action, sent the warden by Governor Atkinson. Late last night, however, Hatfield was still incarcerated in the Marshall county jail, and it seems likely he will remain there until the proceedings mentioned above culminate.

There was a curious mix-up last evening in connection with this case. When Chief of Police Clemans was informed that a prisoner had escaped from officers of the law at the Baltimore & Ohio station, he was informed that the fellow was Hatfield. He at once telephoned Warden Hawk, at Moundsville, and asked for the prison bloodhounds to aid in the pursuit. The warden was surprised, but soon ascertained that Hatfield was still in the jail at Moundsville, and so informed the chief.

Farmer Thrifty got the idea that if he could keep a horse without the cost of feeding, it would be a great economy, so he reduced the horse's food a little every day. Unfortunately just as the experiment promised to succeed, the horse laid down and died. Farmer Hardness says Farmer Thrifty was a fool. But there are people as much worse.

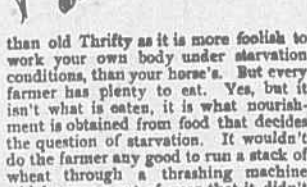

then old Thrifty as it is more foolish to work your own body under starvation conditions, than your horse's. But every farmer has plenty to eat. Yes, but it isn't what is eaten, it is what nourishment is obtained from food that decides the question of starvation. It wouldn't do the farmer any good to run a stack of wheat through a thrashing machine which was so out of gear that it didn't get the grain out of one head of wheat in fifty. That's just the way with the disordered stomach. It doesn't get the good out of the food that is eaten.

There is no medicine will so quickly act on the organs of digestion and nutrition, and put the stomach in perfect working order, as Dr. Pierce's Golden Medical Discovery. It makes pure blood, and rich blood, and puts the body on a plane of perfect health.

(LETTER TO MRS. PINKHAM NO. 256)

"Two years ago I was a great sufferer from womb trouble and profuse flowing each month, and tumors would form in the womb."

I had, four tumors in two years. I went through treatment with doctors, but they did me no good, and I thought I would have to resort to morphine.

"The doctor said that all that could help me was to have an operation and have the womb removed, but I had heard of Mrs. Pinkham's medicine and decided to try it, and wrote for her advice, and after taking her Vegetable Compound the tumors were expelled and I began to get stronger right along, and am as well as ever before."

Can truly say that I would never have gotten well had it not been for Lydia E. Pinkham's Compound."—MARY A. STAHL, WATSONTOWN, PA.

A law suit of considerable proportions is probable as a result of the recent purchase of the Blanche coal mines at Collier's, by Pittsburgh parties. The Pan Handle Coal Company, operating the Blanche mines, by its attorney, Henry B. Russell, of Wheeling, has filed a bill in chancery against Frank Armstrong, of Pittsburgh, alleging that he agreed to purchase the property for \$25,000 cash, but failed to perform his part of the contract when called upon to do so. Armstrong recently purchased the Florence P. Davis farm, in Buffalo district, containing 155½ acres, for \$7,525, and an attachment has been levied on this real estate. Judge Hervey is called on to appoint a special term of court on Wednesday to appoint a receiver for the Panhandle Coal Company's property.

Application has been made to Judge Hervey by the West Virginia Humane Society for a writ of habeas corpus to secure the custody of Ethel, daughter of Mr. and Mrs. John H. Cummings, whom the officers of the humane society allege are not proper persons to have the custody and training of the child. Mr. and Mrs. Cummings were ordered to produce the girl in court on Wednesday afternoon, at 3 o'clock. It will be remembered that the case was aired in a justice shop several months since, and it was thought to have been amicably settled by placing the girl with a family in the country. It is alleged that Mrs. Cummings, who is the child's step-mother, abuses and ill treats the girl, the father being absent from home the greater part of the time.

The trustees of the African Methodist Episcopal church have purchased a half lot from Virginia E. Rickey, located between Pleasant avenue and the railroad, for \$110 cash, and will at once proceed to erect a church building suitable for the use of their congregation. Various sums of money have been subscribed by citizens in aid of this purpose, and it is desired that these subscriptions be paid to the treasurer of the fund, L. George, as early as possible.
